HANDMADE MOTION SCULPTURES

THE ARTIST

Paul Mc Loughlin, an innovative and visionary artist, has carved a unique path in the world of contemporary art. Born in Paris and lives in Dubai, Paul developed a deep fascination with automobiles from a young age, a passion that would shape his artistic journey. After studying engineering and architecture, Paul found a perfect synergy between his technical skills and his love for cars. His affection for vintage, sports, exotic, and collectible models gave birth to a unique artistic approach: the fusion of architectural design and automotive aesthetics.

In his work, Paul stands out for his ability to streamline the lines of cars, capturing their very essence in simplified yet immediately recognizable forms. This ability to reduce a complex object to its most fundamental shape is at the heart of his art, allowing viewers to recognize each model at a glance.

Personalization is another cornerstone of his art. Paul offers his clients the choice of color for each sculpture, creating a personal connection between the artwork and its owner.

Today, Paul McLine offers his works as perfect complements for various spaces - Each piece reflects his unique vision and passion for automotive, making him an artist whose work is not only aesthetically pleasing but also rich in history and meaning.

ABOUT

Édouard LHUERRE is a renowned entrepreneur in the digital sector since 2005. Passionate about new technologies and innovation, he has made a name for himself in this field by creating and developing several successful companies. Alongside his career in digital, Édouard nurtures an intense passion for automobiles, a field in which he has also established himself as a savvy investor.

In December 2023, Édouard met Paul Mc Loughlin, a talented and visionary artist. Captivated by Paul's creative potential, Édouard decided to invest in the development of his activity. Together, they founded PaulMcline* in January 2024, a company dedicated to the artistic expansion of Paul through a simple and avant-garde artistic strategy.

The creation of PaulMcline is the result of several months of intense preparation. Édouard and Paul worked tirelessly to develop every aspect of the company. The product catalog was enriched, growing from 4 to 20 models, thus allowing Paul to offer a varied and attractive range to his collector clients.

At the heart of PaulMcline lies a devotion to artisanal creation. Each sculpture is handmade, requiring many hours of work. Édouard used his network and expertise to establish strategic collaborations with prestigious brands. Among these are Ferrari Middle East, Gargash Enterprises via the Mercedes Benz Brand Center in Dubai, and Al Tayer Motors of Land Rover.

BOX & CERTIFICATE

Each piece is individually numbered, without a limitation on total quantity.

Accompanied by a metal plate engraved on the back of the car with the artist's signature, edition number, and a certificate signed by the artist Paul McLine.

The Journey of Paul McLane

Paul McLane, a contemporary Porcelain artist, combines a rigorous artistic approach with engineering, architecture, and a passion for hypercar design. Born in Paris in 1980, he has been living in Dubai for over fifteen years, a fusion of modernity and history which he draws the inspiration necessary to his mission. A graduate in 2002, Paul has drawn from his hypercar passion to craft works that are both powerful and spiritual, true reflections of his artistic journey.

The official record of the brand, the Porsche GT3, in January 2005, we had a Porsche GT3, a car that is a true masterpiece. The car is considered as a key figure in the history of luxury, art, and automotive sports. The Porsche GT3 has been highlighted by prestigious collaborations with iconic brands such as Ferrari, Maserati, and the Porsche GT3, who recognize him as a visionary artist.

Paul McLane's sculptures, handcrafted in high-quality porcelain, stand out for their remarkable precision and materiality. Each piece, meticulously painted in multiple layers, reflects a total of exceptional durability, produced in limited editions. These models represent the most important part of his heritage in the Porsche, elegance and prestige of the world's most iconic vehicles.

Paul McLane's art celebrates a harmony of tradition and innovation, revealing through each sculpture the very essence of automotive beauty, elevated by the artistic expertise and passion that drive the artist.

A LIFE-SIZED SCALE 1/1

In the realm of artistic collaborations, the introduction of life-sized sculptures brings forth an immersive and captivating dimension. These monumental creations possess the ability to seamlessly integrate into the space, leaving an undeniable visual imprint.

By evoking life-sized forms, we can mark the environment in a unique way, thereby creating an unforgettable aesthetic experience. The visual impact of these sculptures can be exquisitely contextualized by strategically placing them, as depicted in the above photo.

This approach not only merges art and space but also adds a distinctive flair to any event, reinforcing the brand and aesthetic significantly.
